HEY! I CAN'T READ! THE SUN IS IN MY EYES!

DID YOU KNOW THAT THE WINDOWS OF THE BEIT HAMIKDASH WERE DIFFERENT TO REGULAR WINDOWS?! WINDOWS ARE NORMALLY DESIGNED TO LET THE LIGHT IN AND BRING BRIGHTNESS TO A ROOM BUT IN THE BEIT HAMIKDASH IT WAS THE I OPPOSITE. WHEN KING SOLOMON BUILT THE BEIT HAMIKDASH HE DESIGNED THE WINDOWS TO BE NARROW ON THE INSIDE

AND WIDE ON THE OUTSIDE SO THAT THE SPECIAL LIGHT OF THE MENORAH AND GOD'S HOLINESS COULD SHINE OUT AND BE SHARED AS WIDELY AS POSSIBLE.
