## Tribe Graduation Dinner in Manchester

Last week, Tribe held its Manchester Graduation Dinner. 31 students attended the event which was catered a Chinese meal by Pagoda (one of Manchester's finest restaurants). The evening celebrated the students' time at university and their various academic achievements.

David Collins, Tribe Executive Director, spoke about the importance of community and how students who are coming back from university can remain involved in their communities through TCM and Young US. He also mentioned the benefits of having membership to a shul, community and also the special discounts Tribe members receive for Young US events as well as for Kosher restaurants.

There was also a photo booth to take some fun last memories of their time on campus with the friends that they made through Tribe. Everyone was understandably in celebratory-mode as they looked forward to finishing their university careers and will soon embark on a new chapter in their lives.
