

A Winter First for Tribe

Tribe welcomed back nearly 70 participants from their first ever Winter Getaway this week for pupils in Years 7 & 8 and Tribe Leadership Camp (TLC) for those in Year 12.

Participants enjoyed an amazing Winter Getaway with multiple activities from energetic inflatables to the more relaxed murder mystery and supper quiz. In between there was also time for socialising with their peers and making new friends.

For Year 12 students on TLC, they attended a few informative sessions on how to be good leaders and how to enthuse participants. They then had the opportunity to put the theory into practice as they led some sessions for the Winter Getaway.

David Collins, Director of Young People and Young Families, commented: ***"It's wonderful to see Tribe continue to expand its range of programmes and camps. Building on our successful summer camps, I'm delighted that our newly created Winter Getaway continue to engage, inspire and educate the future of UK Jewry"***.
