VA'ERA - ZOOM IN ON THE PLAGUES!

WE ALL KNOW THAT GOD SENT **NO DRAMATIC PLAGUES**, BUT DID YOU KNOW THAT THE **TORAH** GIVES US SOME DETAILS THAT SHOW US JUST HOW INTENSE THE PLAGUES ACTUALLY WERE?! JOIN US AS WE ZOOM IN ON SOME OF THE DETAILS.

BLOOD What a stench! The Torah tells us that since all the water turned to blood, all the fish died, and the smell was revolting!

FROGS went absolutely everywhere, including into the ovens and kneading bowls. Frog bread anyone?

The Egyptian animals were included in the plagues too.

YOU WANT TO PUT SOME CREAM ON THAT!

The midrash tells us that for the plague of **WILD ANIMALS**, each of the animals came with their own climate and natural environment.

Hail the **HAN!** This was no ordinary hail, each hailstone was a mixture of fire and ice!

Our Rabbis teach us that the millions of flying **LOCUSTS** blocked the sun and turned the day into night.
